

— WWW.LIBRARYASINCBATORPROJECT.ORG —

WHO WE ARE: Erinn Batykefer, Laura Damon-Moore, & Christina Endres

WHAT WE DO: We created the Library as Incubator Project website as a resource to highlight artists and projects that have been "incubated" by library collections, spaces and/or staff. It's also a resource for librarians who want to better serve artist patrons through programming, collections, and partnerships.

WHAT'S IN IT FOR YOUR LIBRARY?

Quick and easy tools! A one-stop-shopping website for arts programming kits, resources, and contacts.

Community! Get daily updates on library-arts partnerships and join the conversation: **Twitter:** @IArtLibraries & **Facebook:** Library as Incubator Project.

Publicity! Go to www.libraryasincubatorproject.org and click CONTRIBUTE. Follow the instructions and fill out our survey to share the ways your library incubates the arts in your community. You could be our next feature!
