

It's a M. E. S. S. at the Library!

Marvelous Explorations through Science and Stories

Make a M.E.S.S. at the Library!

A special opportunity is planned for students in grades 2 through 5 at the Marathon County Public Library. During National Excellence in Science, Technology, and Math Education Week, March 12 through 16, the Children's Library will offer **Marvelous Explorations through Science and Stories**.

Students and teachers from Wausau West High School and Mosinee High School will be demonstrating science experiments for groups of students. Library staff will then introduce the students to library resources through a tour of the library. The visit will culminate with a science related story. Children may check out library materials to extend their scientific learning to school and home.

M.E.S.S. tours will be offered:

Tuesday, March 13, 8:30 am to 3:00 pm

Wednesday, March 14, 9:00 am to 3:00 pm

A third day may be added to the schedule—please call for more details.

Classroom teachers should plan on a M.E.S.S. visit lasting an hour, and then add 15-25 minutes for checking out books. To schedule a M.E.S.S. visit or if you have questions about M.E.S.S., please call the Children's Library at 261-7220.

Looking forward to seeing you at our fifth annual M.E.S.S.!

Sincerely,

Diane Peterson
